

Changes to Ancillary Services : Clarification of Power Charge per KWH

KCOM has identified that the Ancillary Services 'power usage per kWh' was incorrectly included in the Fixed Charge section of the Price List. It has now been moved to 'Service Charges and Service Expenses per annum', sub section 'Power Charges', and presented as an annualised sum. There is no change to the kWh tariff and part periods will be charged pro rata to the stated annual charge.

Service	Operative Date	Until	Notes	Fixed Charge
				Ex VAT
Services for Co-location (Applicable to all Communications Providers following the provision of Co-location, including the provision of a Co-location Hostel)				
Power Charges				
Power usage per kWh	01/03/22		Deleted	£0.2600
